## Letter to The Editor

TO THE PEOPLE OF MATTAPOISETT

A couple of months ago I decided to run  
for Selectmen. I made this decision be-  
cause I feel there exists a lack of mana-  
gerial ability in the office of Selectmen. I  
see no evidence of planning for the future  
of the town, which is going to grow whether  
we like it or not. I see nothing being done  
to plan for future expenses, either capital  
or operating without causing tax increases  
of great magnitude. In addition, I see a  
definite lack of cooperation between town  
departments. We need a team to operate this

like ambitions of some individual Selectmen.

You came here tonight to meet me and support me in the campaign for Selectman.

During the past week I have had to make some hard decisions. We are all in and facing some difficult times. One of my primary responsibilities as a member of Management of my company is to help provide jobs for some 3000 people. The current energy crisis makes this more difficult every day. Thus, my efforts must be increased in order to provide work for a lot of people.

As a result, the time I will have in the foreseeable future to devote to a campaign is at a minimum. In fairness to my family, my job and the many people of Mattapoisett who have supported me thus far, I have at this time made the decision to withdraw this year from seeking the office of Selectman.

This was a difficult decision to make. I am not one to start something and quit. I intend to live in Mattapoisett for a long time. I have a young family and I want this town to be the best place in the world for them to grow up in. I wanted to do what I could to make it that way. But I have a responsibility to them in other ways and also to my regular job.

If I continued to run I would also have a re-

sponsibility to the many people who have supported me and to do everything in my power to get elected. I now see I can not devote the time necessary to justify the trust.

Before I decided to run a very well qualified individual was going to run but decided not to in my favor. He has again agreed to run and he will have my complete support and I will give him as much help as I possibly can now and when he is in the Selectman's chair. He is well qualified to be our next Selectmen and I hope you will give John Figueiredo the help and support you have given me.

## The Spirit of '76

Editorial, D.C.J.

Christmas 1973 is a strange season. The colored lights are out. The regular lights are dim. In homes, the people keep their cool with lower thermostats. It is the end of one myth. It was almost a guarantee that the United States was so vast, so strong, so well endowed that it could keep on mushrooming forever. We could be lavish with ourselves and generous to friend and enemy alike. We could grow as fast as we pleased and the surpluses would outstrip the demand. Most Americans grew up with surpluses so huge that they became a public nuisance. The government, still a decade behind the facts, continues to pay billions of tax money for farmers not to produce. I think in this energy emergency that we are to come to grips with reality. It's an emergency rather than a crisis because a crisis builds and peaks and passes. Our **problem** peaked alright but it's not going to pass because our government is proposing nothing for the long range production of energy. The Alaskan oil pipe line was held up long enough to lose us the time we need to build new technology with comparative nor-

mality. Our atomic electric plans have also been delayed and stymied and we have lost this source which could have taken up the slack. One thing is now certain. Our oil is an extremely limited resource and most Americans know it. The average American has shown a better grasp of the situation certainly than our government - both executive and legislative. Our Congress was so unconcerned with the shortage of fuel oil that they could delay the passage of the daylight saving bill for weeks while they took another long vacation. They are so preoccupied with a 20 minute hum on a reel of tape that they are spending millions in its investigation while apparently doing nothing to relieve the shortage of energy, the lifeline of this country. This is an emergency and emergency measures are imperative. The home heating plant is no luxury. We must heat our homes in winter. The family car is no luxury. We must have it to get to work and indeed to get to pleasure. A huge tourist industry depends on the ability of Americans to vacation by automobile and it's an industry too large to destroy without great impact on our economy. On the short range we could do something now to buy us time. The anti-pollution devices installed on new cars increased gasoline consumption enormously. We could gain back this tremendous waste by taking off these devices from cars which do not regularly travel in large cities and in California. Cars could be specially licensed to travel

in areas troubled by high concentrations of pollution. By this relatively simple method we could almost double the mileage from each gallon of gasoline.

Our atomic plants should be given the highest priority. A full tax writeoff should be given every production plant in the United States which is forced to comply with pollution control. In this way industry would have the means to install the anti-pollution devices in their plants rather than close the plants and throw people out of work. There is not a business in the United States not

hit by a shortage of material or parts. In almost every case, the shortage can be traced to a primary source where the installation of anti-pollution devices does not make economic sense. If these plants were allowed to clean up using dollars that would normally go to Washington in the form of taxes, they could and would survive.

It is time for the United States to review our goals. Governor Sargent said we must revert to the simple life. This I nominate for the most simple-minded statement of the year 1973. We can not revert to an agrarian society. Our individual farms are gone, there are too many people and so few acres. We can't burn kerosene lamps because the oil is running low. We can't burn candles because we are an industrial nation and must have electric power to survive. We produce or die. The individual American has proved once again that the majority are responsible and level headed people. Thermostats went down voluntarily. Much before the limits were lowered, the vast majority of Americans reduced speed to 50 on the highways.

## Merry Christmas

ROUTE 6, MATTAPOISETT. 758-2021.

OPEN 10 to 9 DAILY; SUNDAY 1:30 to 9

**OPEN 'TIL 9 Every Night**  
UNTIL CHRISTMAS

All we need is leadership and direction but we do want to know where we are headed. A new energy program is needed with an effort similar to that expended on the space program but, vitally more important, in the interim we need time and the American people are strong enough to stand the facts, and reliant enough to make the sacrifice. All we need is the leadership required to forge a program and keep the economy functioning as we build.

This Christmas of 1973 is a strange one, a crucial one. It is rather hard to be exactly merry but it would be rather nice to have some

direction to follow in 1974. We hope that the Congress of the United States can get holidays and tape out of their mind long enough to recognize a need and act with enough urgency to regain our means of life support.

## Mattapoisett Town News

### BUS CONFERENCE

President Gareau of the Union Street Railway Company met with Selectmen Tuesday night to discuss possible improvement of bus service dependent on a large subsidy of Mattapoisett tax money. The Bus Company will submit plans to increase bus trips from 5 to 13. In order to do this, according to Gareau, they will need a subsidy to be determined. Selectmen do not intend to act without townspeople's approval.

### SHELLFISH CONFERENCE

The Shellfish Constable met with the Board of Selectmen to discuss any shellfish problems with the public invited to bring up any such problems. No public showed up and so it is assumed that there are no difficulties.

### INSURANCE BIDS

The contract for the Town Property and Liability insurance was awarded to Humphrey, Covill and Coleman. The firm submitted 4 bids. The bid accepted was approximately \$8,636.85 per year depending upon expected dividends. Eight bids were received. The other firms were Giles H. Dunn, Eleanor Lowell Correa and Peter Briggs.

We are now featuring a beautiful new line of invitations and announcements

# Big Doc's DOCK

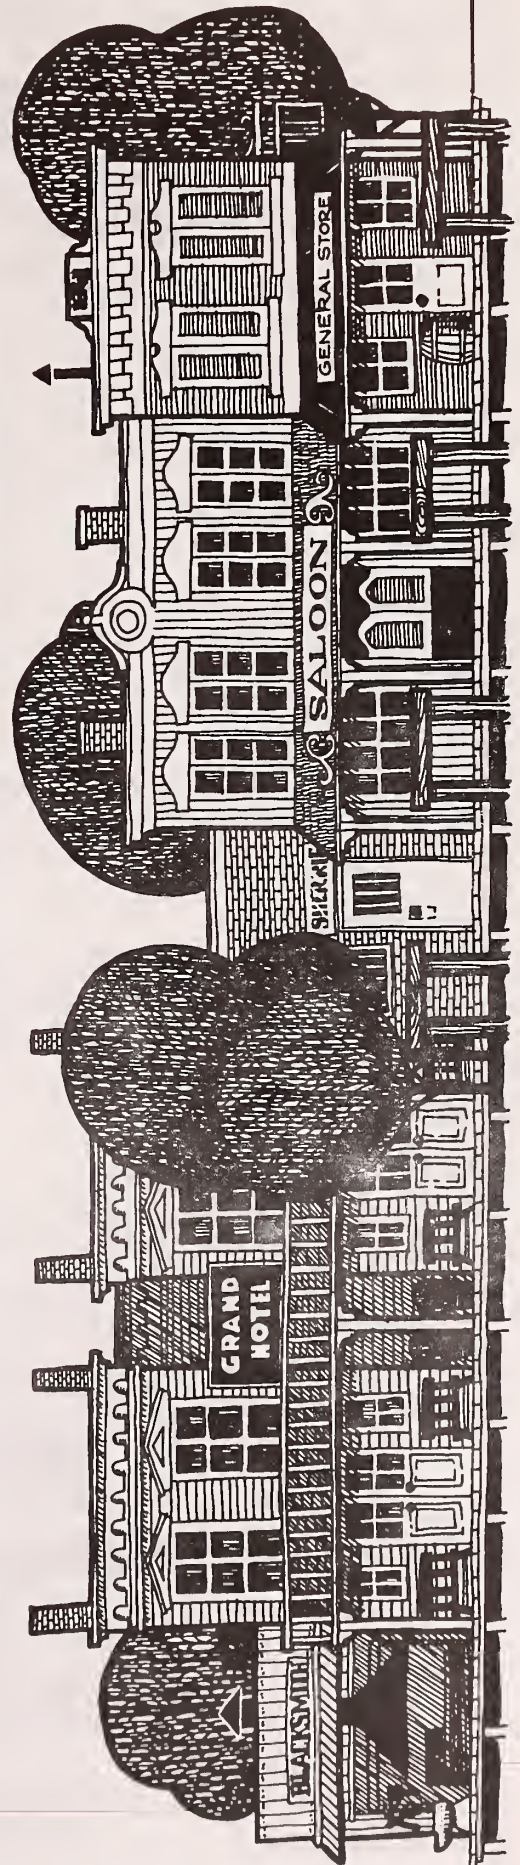

*(at the National Bank of Fairhaven)*

Money. Real money. \$1000 worth. Right now, during the holiday season. It's our way of thanking folks for the way they've taken to our round-the-clock partner. Since the day we put 'Big Doc' to work, the number of users has just grown and grown and grown. Naturally we're delighted, so we've given Big Doc the okay to show how we feel about it.

Right now and through the 31st, each day some lucky 'Big Doc' user is going to get an extra \$50 bank certificate in his withdrawal envelope. Twenty lucky winners in all. And that adds up to \$1000. If you haven't tried 'Big Doc' yet and discovered how easy it is to bank when you want to, the National Bank of Fairhaven invites your application now (and maybe you'll be in time to get a piece of Big Doc's winning hand).

#### ASK STATE TO PAY BILL

Selectmen wrote to William Cowin, secretary of Administration & Finance, State House, Boston, on December 10th. They stated that Mattapoisett had accepted, in good faith, the Police Incentive Pay program which, by law, should be reimbursed for 1/2 of its cost by Massachusetts. To date, the Town has received nothing from the Commonwealth. The Town is being forced to pay the State's share from their overburdened tax revenue. Selectmen requested that Mattapoisett be reimbursed for the Massachusetts 1/2 share on the 1974 cherry sheet.

#### LICENSES SIGNED

Selectmen signed all of the town licenses (alcohol, common victualer, used car and miscellaneous). Proprietors will be receiving notice from the Selectmen's office that licenses are ready and amount of fee.

#### EEL POND NOTICE

Mr. Malcolm E. Graff, Associate Commissioner of the Massachusetts D.P.W., notified Selectmen that his office will do its best to arrive at an estimate of the total cost of the project within 3 weeks.

#### RIVER DAM INSPECTED

Fred C. Schwein, P.E. Deputy Chief Engi-

#### TOWN RECEIPTS INVESTED

Treasurer Allen Sherman has invested \$100,000 in tax receipts in 90 day certificates of deposit.

#### MRS. VOKES' LETTER

Mrs. Harold Vokes wrote on December 11th and said that her late husband was honored to have served the town for so many years. She wrote, "It was a great tribute to have the flag flown at half mast on the day of the funeral. Thank you".

#### ROSS APPOINTED

Dr. Joseph Kunces informed Selectmen in a December 12th letter that the Mattapoisett School Committee on December 11th appointed Mr. Marshall Ross as a member to the Capital Improvement Committee.

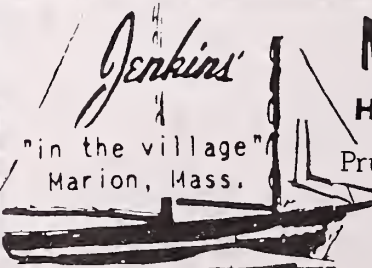

#### HEALTH AID INVENTORY

The District Nurse, at the Selectmen's request, is making an inventory of all health aid equipment, beds, crutches, wheel chairs, etc. for the purpose of determining its condition and to provide storage and control.

heavy spending programs in the state Legislature.

Aylmer, who has vigorously pursued the various state reimbursement programs to the towns, cited the 11.4 million dollars owed for the fiscal year ending in July as money reimbursed in lieu of taxes lost on state owned lands and some 12.6 million dollars inserted into the recent supplementary budget to reimburse towns for school transportation. Payment of these expenses are mandated by law.

"The game plan is clear," stated the Cape legislator, "and year after year it becomes clearer. It is to shortchange the property taxpayers and totally ignore the state's legal obligations in a host of local aid programs, and at the same time impose more and more costs on those same towns and taxpayers with expensive, new spending programs. The Governor didn't hesitate to sign the Guaranteed Income Bill and the MBTA "Bail-out" legislation the many pay raises for bureaucrats in state government, nor did he veto the patronage jobs in the state lottery included in the present budget."

"He has placed Beano before tax relief to property taxpayers and tenants across the state and I think it is shameful. I don't know who the Governor is listening to, but his priorities are obviously jumbled."

"We can't shelve these moral and fiscal re-

sponsibilites forever, but it appears as if the  
Governor and his staff hope the problem will

go away. I can assure them it won't! If new  
taxes are needed, it won't be because of local

### HOLIDAY HINTS

Foil pans from frozen pie  
and cake packages make great  
reflectors for Christmas  
lights. Just cut a hole through  
the center of each pan — and  
screw the lights through  
them...into their sockets.

For a safer and merrier  
Christmas, be sure the toys  
you buy for your children are  
hazard-free. Toys requiring  
alcohol, kerosene, gasoline or  
carbide lamps are extremely  
dangerous when placed in  
young hands.

To keep your Christmas  
tree looking fresher, longer  
(a) wait until just before the  
holiday to install it. (b) place  
it in a cool room, away from  
radiators, heaters and fire-  
places; (c) make sure it's al-  
ways standing in water to  
retard drying.

Give yourself a Christmas  
gift of at least an hour a day  
of pure rest and relaxation.  
You owe it to yourself to feel  
tops at the peak of the  
season!

aid," stated Aylmer, "but it will be a result of vast new programs that were signed into law under pressure this year by the Governor which were designed to get votes from special interest groups.

Local aid is apparently considered to be of low visibility because the property taxpayer is not able to march on the Governor's office because he is too busy trying to determine where the money is coming from to pay the next assessment.

"In spite of this shameful and discourag-

ing action by the Governor, I intend to pursue every cent owed to the cities and towns for tax relief, and will not be satisfied until we pay our debts annually and assume a responsible fiscal posture," Aylmer concluded.

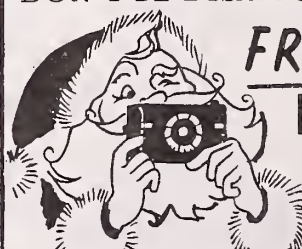

## Mattapoissett Seniors

### SENIOR CITIZENS' MEETING

The Senior Citizens' Club of Mattapoissett held a business meeting in the American Legion Hall on Monday, December 10th.

The monthly Whist and Card Party scheduled for the second Wednesday of the month was held December 12th at the Drop-In Center, the American Legion Hall. It was a very pleasant gathering. It was nice to welcome new faces as well as the regular guests who attend these afternoon parties. Everyone took home a prize. During the brief intermission delicious refreshments were served. The next party is January 8th at 1:30 P.M. Please enter it in your appointment book. These are not money making affairs, but social get-togethers. A small donation is

### SENIORS ENJOY SHOPPING TRIP

The Shopping Trip to the Dartmouth Mall for the Senior Citizens of Mattapoisett was a great success. This was the idea of Mrs. Ruth Walega's Cadette Girl Scouts, Troop #49. This was their Christmas gift to the older of God's children in tribute to Christ's birthday. Entering into the spirit of the season, the Tremblay Mini Bus Company of Fairhaven donated the bus free. The Girl Scouts paid for the gasoline and escorted the seniors around the Mall. They enjoyed it so much that they are considering doing it again next year. Thank you and we wish you the very best for the Holiday Season

## Hawaiian Dance Planned

LIONS CLUB TO SPONSOR DANCE  
TO BENEFIT THE TENNIS COURTS

The new town tennis courts are almost complete at the Mattapoisett Center School property. This Mattapoisett Lions' Club community project this year is estimated to cost more than \$4500.00 plus many free hours donated by the members. The new courts, already paved, will be sealed and lined soon. In the Spring, the Mattapoisett Lions' Club will erect the netting and wire fences so that the courts will be ready for warm weather. In addition to the new courts, the Lions will renovate and seal the older courts which are located next to the new ones.

The Lions are planning a January 19th Hawaiian Festival Benefit Dance for all Mattapoisett residents with the entire proceeds going for the new tennis courts for the town. Tickets for the dance can be

has recently formed a Duty Detail to do odd jobs in the community as a fund-raising project. The group is composed of approximately 10 boys and girls between the ages of 14 and 16 who are on the gymnastic or swim team here at the Y.

The Duty Detail will be in operation between Christmas and New Year's, December 26th to 31st, from 8:00 A.M. to 1:00 P.M. If you have any odd jobs such as carting away used Christmas trees or cleaning out attics or yards, please contact Tom Baptist at the YMCA for an appointment or an estimate.

The YMCA is sponsoring a One Hundred Pound or Less Basketball Tournament during the Christmas vacation. All players must weigh 100 pounds or less and not be more than twelve years of age. Entry forms may be obtained at the YMCA or call the "Y" at 997-0734. The tournament will be December 26, 27 and 28 and each team must have its own coach. For more information call the YMCA at 997-0734.

New Bedford YMCA will be sponsoring a Water Polo Tournament during the Christmas vacation. All players must be an "intermediate" in swimming or better and be 12 to 16 years of age. Each team must be a minimum of 6 and a maximum of 9 players. Entry forms may be obtained at the YMCA or call the YMCA at 997-0734. The tournament will be December 26, 27 and 28, and each team must have its own coach. For more in-

"Two's Company" is a new answer to the  
"out at night" problem. A Beginner Swim  
Course is being offered at the YWCA start-  
ing January 8 for mothers and teenage sons  
and daughters wishing to learn to swim.  
Class size is limited. For more information  
call the New Bedford YWCA.

Leathercraft and Floral Arrangements are  
among the new courses offered for the first  
time in the winter term beginning next month.  
Early registration should be made for the  
classes to avoid disappointment. Classes  
are open to everyone over 14 years of age.

Richard F. DiFonzo, who now owns his own  
business that developed from his hobby of

working with leather, will teach a 6-week  
beginners' class starting Monday, January  
14th, from 6:30 to 8:30 P.M. Making of bags,  
belts and vests will be included in the course,  
and supplies for use may be purchased at the  
New Bedford Y. The necessary tools for class  
work will be provided.

Robert Charon, co-owner of the Garden Shop,  
will instruct his two classes in Flower Ar-  
rangements in his shop. The first six-week  
class will begin Tuesday, January 15. Many  
types of floral arrangements will be covered  
in the content of the course, including fresh,  
dried, and artificial materials, and also plant-  
ings. Mr. Charon plans to adapt instruction  
to the interest of class members, and will  
give suggestions to encourage creation of  
original designs. One's own decor or parti-  
cular needs will be given individual atten-  
tion.

A YWCA membership, club membership dues,  
or a paid-up ski weekend trip are all fine  
suggestions for a teenager's Christmas gift.

Why not give a young person, boy or girl, a gift that provides participation at YWCA and grows into skills, friendships or physical fitness. Come in and let someone at the YWCA tell you about the clubs, swim classes and interest groups offered to both young people and adults.

Junior Ski Club members are of junior high school age and Senior Ski Club members are in grades 9-12. Both groups meet weekly.

Parents are invited on January 11 to hear Mr. Red Blanchard of a local ski shop speak at 8:00 P.M. on "Safety on Skis" and to talk on what's new in the ski world, at the Senior Ski Club meeting.

Registrations are now being taken at the New Bedford YWCA for the Winter Term Swim Classes, starting Wednesday, January 2nd.

Prospective class members are urged to register early to avoid disappointments. Boys, girls and adults are eligible to join classes. People with fear of water are especially welcome.

Swimming skills can be learned by people of all ages. Classes for boys and girls limited to 15 and adult classes are limited to 9.

The YWCA building is closed all day Monday, Christmas Eve, and Christmas Day. There is no Weekly Luncheon on Wednesday, December 26.

## Resource Conservation

STUDDS ANNOUNCES FEDERAL APPROVAL  
OF DISTRICT WIDE SOIL CONSERVATION PROG.

Washington, D.C., December 12 -- Rep. Gerry E. Studds, D-Mass., today announced federal approval of the Pilgrim Area Resource Conservation and Development Project to "improve the physical, economic and social environment of the area for the benefit of local people." The Pilgrim Area is composed of Barnstable, Dukes, Plymouth, Bristol, and Nantucket counties.

"We have been working very hard to win the

acceptance of the Department of Agriculture, Soil Conservation Service for the Pilgrim Area proposal," Studds said in announcing the approval.

"In addition to my personal letters to Secretary of Agriculture Butz and the Administrator of the Soil Conservation Service, my offices in both the District and Washington have been in repeated contact with officials of the Soil Conservation Service this year and I learned today that our area was one of 25 chosen for assistance out of 79 applications."

The program, administered by the Soil Conservation Service, provides both technical and financial aid to local groups who wish to improve, maintain and preserve their ecological resources.

"Today's preliminary approval means that the applicant counties can now receive federal technical assistance to finalize their applications for federal financial assistance," Studds said.

"This program will give us the federal expertise and financing to make a concerted attack to save our dwindling natural resources in a balanced, orderly, over-all plan."

from December 22 to January 28 will cut the University's normal January fuel consumption by 30-40%, it is estimated by school officials.

Classes will end May 10 rather than May 3, and commencement will move from May 26 to June 9. However, there will be only two fewer class days than normally scheduled (70 compared with 72).

Approximately 80% of campus building space will be affected by the five-week shut down, according to a University spokesman. This will include the Group I and Group II Buildings (the major classroom areas), the Textile Building, Auditorium, Campus Center and residence halls.

The Research Building will remain open because of continuing experimental projects which must be maintained at constant temperature.

While the three top floors of the Library will shut down, temperatures will be held at normal on the first and second floors for the benefit of clerical personnel which will migrate there from Group I and II.

The Gymnasium-Natatorium will close completely until January 8. After that date it

will open sporadically, a few hours at a time, to meet unbreakable commitments in SMU's athletic schedule.

All hot water will be turned off in the closed buildings and temperatures will be lowered to 50 degrees, sufficient to prevent pipes from freezing.

Faculty members are still under obligation of the Federation contract from September 1 to June 30. The same amount of time for instruction and other faculty duties less four days, which will be reduced to two, is provided for in the revised spring calendar. The change is merely in dates.

Many faculty members concerned about the continuation of scholarly and research work, have been assured that they may use University buildings. The heated first two floors of the Library and the Research Build-

ing will be available to them. In unheated buildings they have been reminded to dress appropriately.

The emergency plan has been approved by the Student Senate, Faculty Senate, Residence Hall Congress, and the school Administration. It requires final approval of the SMU Board of Trustees at its monthly meeting on December 13, but a telephone poll by the Administration indicates that a majority of Trustees are in favor.

## OLD HAMMONDTOWN CONCERT

The instrumental music students at Old Hammondtown School are all busily preparing for their annual Christmas Concert. The program will be held on Thursday, December 20th, at 7:30 P.M. in the school auditorium, and the public is cordially invited free of charge.

# MEN

## Christmas is Nearly Here!

Yes, Virginia there is a Santa Claus! Right now, in fact, that jolly gentleman is consulting the calendar with disbelief and more than a little dismay. Somehow, sometime nineteen days have melted away in a twinkle and here we are with a sack to fill. Something must be done.

### For Men

If you are casting about for ideas, we are ready to help you to fill that big space under the tree with wonderful gifts for her. We have robes to warm her by night and skirts and sweaters to warm her by day. Costume jewelry, hats, gloves, coats and lingerie. Just ask her for a list of sizes and bring it with you. Our selections are still excellent. Come down in the evening after work Newman's is open until 9 for your convenience.

### For Women

We know that your shopping is nearly done. Still, there are always some final touches to be made. You'll enjoy our men's department and find the brands that he buys and likes here plus accessories and jewelry
